Dear Elizabeth

I refer to your correspondence dated 21 July 2021 and 2 August 2021 concerning COVID-19 Directions made in accordance with the Emergency Management Act 2004 (SA) ('EMA'). The Commissioner of Police, as State Coordinator, is responsible under the EMA for coordinating the response to the COVID-19 pandemic in this State. When issuing Directions pursuant to the EMA, **the State Coordinator acts on the best available advice from relevant experts, including the Chief Public Health Officer and her team at SA Health.** The purpose of COVID-19 Directions is to reduce the spread of COVID-19 in South Australians in order to keep us all safe.

Information on the COVID-19 Directions issued in South Australia can be found here:  
[Emergency Declaration and Directions | SA.GOV.AU: COVID-19](#)

For enquiries relating to COVID-19 vaccine, please direct your enquiry to SA Health, the nominated control agency with respect to the management of the pandemic.

Further information relative to the *State Emergency Management Act 2004* can be found at [www.legislation.sa.gov.au](http://www.legislation.sa.gov.au)

Kind regards

Danielle

Covid Coordination unit
