----- Forwarded message -----

From: **Prime Minister of Australia via Prime Minister of Australia** <webservices@pmc.gov.au>
Date: Mon, May 17, 2021 at 2:23 PM
Subject: Your message to the Prime Minister
To: <elizmhart@gmail.com>

Thank you for your message to the Prime Minister at pm.gov.au. For your records, a copy of your message is set out at the bottom of this email.

If your message relates to COVID-19, the Australian Government has established <https://www.australia.gov.au> for up to date advice on how you can protect yourself and your family. Information includes an online symptom checker, travel bans and restrictions, guidance for receiving financial support, health and prevention information and key updates from the Prime Minister and the National Cabinet.

All items of correspondence are read and carefully considered, however not all items will receive a response. When responses are sent, these items will be sent via the same method in which they are received; via email or Australia Post

In some cases, where appropriate, your correspondence will be referred to other Federal Ministers or state/territory governments for their consideration. This will occur when the issue raised falls within their responsibilities.

This is an automatically generated email. Please do not reply to this email as this address is not monitored.

If you have any problems with this service please contact the Web Administrator through the site feedback service at <https://www.pm.gov.au/site-feedback>

Subject: The reaction to the SARS-CoV-2 virus is the most reckless and grossly irresponsible 'public health' response in history
Comment:

Mr Morrison, it's highly alarming that you are suggesting that children be vaccinated with Covid-19 vaccine products, e.g. as reported in The New Daily: Vaccinating kids may help decide when Australia's borders can reopen: PM: <https://thenewdaily.com.au/news/coronavirus/2021/05/16/children-vaccination-borders/>

Despite the continual fear-mongering headlines, it is now well-known that Covid-19 is not a serious problem for most people...but of course the agenda is to vaccinate the entire global population with Covid-19 vaccine products, a plan that was already in place before most people had even heard of Covid-19...

This is quite a scandal Mr Morrison, much of it emanating from the UK, but of course it's been in play in Australia for years too, for example with your cooperation with the Murdoch media in getting the coercive vaccination laws underway, i.e. the No Jab, No Pay law (2016), obligingly initiated by you when you were Social Services Minister in 2015.

Yes, quite the scandal to expose, as noted in my email to you dated 18 February 2021: No Jab, No Pay/No Play - coercive coronavirus in Australia - PM Scott Morrison and the Murdoch Media: <https://vaccinationispolitical.files.wordpress.com/2021/02/no-jab-no-pay-no-play-coercive-vaccination-in-australia.pdf>

Also for your information see my email to Sir Patrick Vallance and Professor Chris Whitty in the UK: The reaction to the SARS-CoV-2 virus is the most reckless and grossly irresponsible 'public health' response in history, 6 April 2021: <https://vaccinationispolitical.files.wordpress.com/2021/04/sars-cov-2-virus-the-most-reckless-and-grossly-irresponsible-response.pdf> Copy also attached.

It seems there are so many people working in the best interests of the vaccine industry, Bill Gates and the World Economic Forum - but this wasn't made clear to people in Australia during the last election Mr Morrison. I didn't vote for or consent to being dominated by these entities.

It seems 'political representatives' in Australia are not working in the best interests of the electorate, and the taxpayer-funded ABC and SBS are failing to investigate this matter, apparently they are more beholden to doing the Morrison Government's bidding.

Your obvious plan to coerce the entire Australian population to have Covid-19 vaccine products is a very serious situation Mr Morrison.

Sincerely

Elizabeth Hart

Independent person investigating the over-use of vaccine products and conflicts of interest in vaccination policy
